

23 Years!

HIGH Electrorally 2021 PLAINS

Fort Hays State University's Department of Applied Technology, Sunflower Electric Power Corporation, Midwest Energy Inc., Western Cooperative Electric Association of Kansas, sponsored the *Twenty-Third Annual High Plains Electrorally* this past Thursday, October 7, 2021

West Frontier Park was again home for the races this year. The weather was sunny and warm in the morning giving way to a warm and breezy afternoon. It was still a great day for racing!

Special thanks goes out to the Fort Hays State University Physical Plant personnel who have continued their support of our race day for the past 23 years, and Mr. Randy Jordan's Power and Energy Class for their volunteer work as course marshals and car inspectors.

Thanks again to the Ellis County Emergency Medical Services for supporting these races for each of the past 23 years!

We must again continue to thank all of our corporate sponsors of Kansas Electrorally for their continued support year after year. Without them, there would be no High Plains Electrorally. Even in the face of this pandemic, they have not wavered in their support.

Special thanks goes out this year to those teams and their members for helping to set up before and clean up after.
