

# **21 Years!**

**HIGH**  
*Electrorally*  
2019  
**PLAINS**

Fort Hays State University's Department of Applied Technology, Sunflower Electric Power Corporation, Midwest Energy Inc., Western Cooperative Electric Association of Kansas, sponsored the *Twenty-First* Annual High Plains Electrorally this past Thursday, September 26, 2019

Beautiful West Frontier Park was home for the races again this year. The course was in great condition.

The City of Hays Parks Department and Public Works Department did a fine job of maintaining and preparing it! The weather was sunny and cool just about all day and there was little wind, but it was still a great day for racing!

Special thanks goes out to the Fort Hays State University Physical Plant personnel who have continued their support of our race day for the past 21 years!

The Ellis County Emergency Medical Services personnel has given their expertise and professional presence to the races for each of the past 21 years and for that they deserve our gratitude and thanks!

We must again continue to thank all of our corporate sponsors of these races for their continued support year after year. Without them, there would be no High Plains Electrorally.
